I'm Back

Remember Me??! If you're a parent of a first year I don't expect you to know. Let me introduce myself, I'm Daisy E. Mee. One of the funny news reporters in the world. Here's my report for the month. In Africa there was a brainstorm!! It only happens every 100,000,000 years. I wish I was in Africa at that time.

P.S. This is a fiction story.

On a sunny day a young horse and a young kitten were not friends! But the horse started to talk to make a friend. The cat ignored her so the horse said, "I just want to be your friend". "OK!" said the cat. So they played all day.

The End

By Isabella Sanchez

I was at my house and the Girl Scout party. We ate and then we had prizes. It takes a long time to get a t-shirt and a water bottle. I sold the most cookies.

Well, what happens when you're playing outside and having a great time... When... Someone very careless has a little piece of metal and plucks a little piece off. And it went flying in the air. Heading straight for me!! Why me! Can you believe it? Funny, humorous me! And well, anyway IT WENT IN MY EYE! And then we had violin and Ms. Alissa didn't see anything and sent me back to class. When we got back to the classroom, a miracle happened. Daisy E. Mee saw something. Well we showed Ms. Natasha and she gasped and then we called my dad and he came and we went home. My mom was there and did mom stuff. And we went to the eye doctor and they froze my eye and took tweezers and pulled it off.

By Camille

What would it be like to be like a horse? Why were horses invented? I think why they were invented was to carry people, wagons, and let people ride on their backs.

Did you know that animals do talk but in their own way? Africa is probably the most dangerous continent. Did you know that the monster truck Bigfoot broke the world record by jumping a jet? I'm going to go to San Diego next summer to go the San Diego Zoo. It's a big zoo.

By Nikolas

Pokémon is nothing to be playing with if you're in a lesson. Pokémon is only the thing to play at home. You can't play with it if you're in school. I play with my mom.
